

THREE BOYS DIE IN LAKE NEAR NORTH GEORGETOWN

Hassell, Cramer Missing On Greenland Hop

REUNION ENDS IN TRAGEDY AS TRIO DROWN

Manner In Which New Chambersburg Trio Met Death Sunday Afternoon In Kutz Lake Is Mystery; Bodies Brought Here

Three New Chambersburg boys were drowned in nine feet of water while bathing in Kutz lake, near North Georgetown, southwest of Salem, Sunday afternoon.

They are:

Howard and Dale Weaver, brothers, aged 17 and 15 respectively, sons of Mr. and Mrs. Elmer Weaver, and Wilbur Amon, 17, son of Mrs. Effie Amon, all of near New Chambersburg.

The circumstances surrounding the drownings are unknown. It is believed that one of the boys, venturing beyond his height, went down and the others went to his assistance, but were drowned also.

None of the boys was able to swim.

Had Attended Reunion

The boys, with their parents, were attending a reunion of their families at Lake Placencia, and after lunch, about 1:30, were given money to go bathing in the lake there. Cautioned by the parents to stay close to the shore, and be ready to return home about 4 o'clock, the boys left their parents for the lake.

At 4 the parents went to the lake to get the boys, but on inquiring at the beachhouse, found that they had not gone bathing in that lake. A search was started along the shores, where they might have gone, by Mr. Weaver and friends.

Clothes Found In Bushes

After a search of two hours, the clothes belonging to the boys were finally found in some bushes, a half mile from Placencia, at the small lake at Kutz bridge, which once was a popular bathing lake. Weaver called for the boys, but no answer was received and swimmers and divers from Placencia were called.

Diving into the small lake, divers found the bodies of the youths within two minutes, lying within five feet of each other. The Weaver brothers were huddled close together; the Amon boy's body was found close by. They had been in the water about three hours.

No One Saw Drownings

No one was near the lake at the time the boys went swimming, but within four hours afterwards, between 2 and 6, at least three parties were known to have bathed there, unaware that they were swimming above the drowned bodies of the three boys.

The reason for their leaving Placencia is unknown. The body of the Amon boy was unclad, while the Weaver brothers had bathing suits. From this fact it is believed by many that the boys went away from Placencia to swim because Wilbur was without a suit.

Funeral Service Wednesday

Wilbur Amon is survived by his mother, living two and one-half miles south of New Chambersburg. The Weaver brothers are survived by their parents, and three sisters, Florence, Hilda and Leora.

Funeral services will be held at the Moultrie chapel at 2 p. m. Wednesday.

The boys attended Minerva High school.

YEGGS FOILED BY BIG BLAST

Miss Money In Columbus Store Early Today In Hurried Get-Away

Columbus, Aug. 20.—Too heavy a blast used in opening an auxiliary safe in the Union Clothing company downtown department store, shortly before 7 a. m. today, was believed by police to have kept the yeggs from getting away with several thousand dollars in cash.

The explosion caused several large front windows on the sixth floor of the store to be shattered and resulted in immediate police action.

A large sack stuffed with bills was found near a rear room door on the first floor, believed to have been dropped by the thieves in making a hurried getaway as police threw a cordon about the building. Silver coins were found piled on the top of the blasted safe.

Moah Seamer, night watchman, was found chained to a sixth floor post, and handcuffed. He was unconscious when police arrived, but revived at a hospital where he told police he was making his 6 a. m. round when attacked.

A partial check-up at the store showed little, if any, money missing. The main safe of the store which contained a large sum of cash was not touched. Police say that plenty of clues were left by the yeggs in their hurried getaway.

Art Goebel Spans Continent In One Jump For Record

19-Hour Non-Stop Flight Ends This Morning At Curtis Field

BREAKS OLD MARK HELD BY MACREADY

Dole Hop Winner and His Friend Better Record By Nearly 8 Hours

Curtis Field, N. Y., Aug. 20.—Art Goebel, winner of the Dole flight to Hawaii, arrived here this morning, establishing a new record for a non-stop flight across the continent.

Goebel left Los Angeles at 12:06 p. m. yesterday (Pacific Standard time) and arrived here at 11:08 a. m. eastern daylight time, making the long journey in 19 hours and 2 minutes.

Sportsman With Him

Goebel was accompanied by Harry Tucker, Santa Monica sportsman, in the plane "Yankee Doodle," a Lockheed Vega with a Pratt-Whitney motor capable of 175 miles an hour.

The previous record of 26 hours and 50 minutes was held by Lieut. Macready and Kelly.

Reports of the plane since its departure from Los Angeles had been few, but no anxiety was felt for Goebel and Tucker by aviation experts, who expressed absolute confidence in the Hawaiian flight winner's ability to succeed.

First Non-Stop Jump

The flight marked the first time the nation has been spanned from west to east in a non-stop jump, and broke a speed record which had stood for more than five years.

The plane carried 450 gallons of gasoline. The route lay across Arizona, New Mexico, Texas, Oklahoma, Kansas, Missouri, Illinois, Indiana, Ohio and Pennsylvania.

This flight is the "Yankee Doodle's" second attempt to take the trans-continental record. Several months ago the plane, piloted by Lee Shoenhair, flew from San Diego, being stopped at Harrisburg, Pa., by fogs after being in the air for 15½ hours.

HOOVER ENROUTE TO BIRTHPLACE

Ready For Conference With Farm Leaders In West Branch

Aboard Hoover Train, Enroute to Kansas City, Aug. 20.—Having sounded a new appeal for religious freedom in the heart of the Catholic Kansas today enroute to a series of farm conferences at his birthplace in West Branch, Ia.

The Republican nominee will reach his birthplace early tomorrow morning, spend the day reviewing scenes familiar to his boyhood and deliver his first prepared farm speech at night.

He will spend Wednesday and Thursday at Cedar Rapids, meeting horny-handed sons of toil and farm leaders from all sections of the Middle West. He will resume his return trip to Washington late Thursday.

On his journey east through Arizona and New Mexico, Hoover received assurances from carry both leaders that he would carry both states.

He spoke to a dozen crowds from the rear platform of his train, including one prepared speech at Albuquerque. It was in his speech with Catholics predominating in his audience, that Hoover sounded the religious liberty note.

"I like to remember in these days of the occasion of raising the American flag in this state by Gen. Kearney, when he made a statement that as true today as it was then," said Hoover.

"He said:

"We come as friends to make this a part of representative government. In our government all men are equal. Every man has a right to serve God according to his conscience and his heart."

Driving Charge In Accident Dismissed

For lack of sufficient evidence to warrant conviction, the charge of driving an automobile while intoxicated filed against W. G. Bright of Wellsville by Stanley Martin of Canton, was dismissed at the costs of the plaintiff by Justice of the Peace M. K. Zimmerman at Lisbon Saturday afternoon. Cars driven in opposite directions on the Centre Hill road, Wellsville, collided the night of Aug. 4. Slight damage was done to both cars and no one was injured.

SMITH ANSWER TO FOES READY TO BE ISSUED

Will Be Final Defense Of His Record Which White Attacked

Albany, N. Y., Aug. 20.—Gov. Al Smith announced today that he will define his position on prohibition "clearly and unmistakably" in the address he will deliver on the east steps of the capitol Wednesday night in accepting formally the Democratic presidential nomination.

Indirectly the governor indicated that he expected prohibition will become one of the major issues in the coming campaign.

VAN FOSSAN IS POMONA ORATOR

Resolutions Seek Better Weed Law, Hit Movies Of Crime Scenes

For the first time in its history, Columbiana County Pomona grange had a memorial service for departed members at a session Saturday at Butler grange hall, near Winona. Butler grange contributed a song for this service.

W. H. Van Fossan, of Lisbon, state representative, gave the chief address. Miss Dorothy Peppel, of Midway grange, sang a solo, and a reading was given by Mrs. Emerson Conrad, of Willow Grove grange.

The Franklin rd. orchestra furnished music for this occasion. The next pomona meeting will be on the third Saturday in November at Lisbon grange.

Resolutions adopted are as follows:

"We favor a stricter weed law, one that can and will be enforced by the officials.

"We favor stricter criminal laws and more certain punishment for criminals.

"We oppose further collection from the taxpayers to swell the already large teachers pension fund, until the present funds are exhausted.

"Resolved that we urge a strict observance of the 18th amendment.

"We deplore the showing on the screen of pictures of holdups and other crime of the underworld, believing that they are the forerunners of many of the crimes committed by young America."

BEGG ACCUSES MOORE OF LIES

Columbus, Aug. 20.—That the vote given him in Ohio's state-wide primary election last Tuesday by the many electors who know my daily life and statements put out by E. J. Moore, superintendent of the Anti-Saloon League (of Ohio) was the declaration made today by Congressman James T. Begg, Sandusky, runner-up in the contest in which Myers Y. Cooper, Cincinnati, won the Republican gubernatorial nomination.

Expressing appreciation of their "wonderful work during the fight," Begg in an open letter to his supporters this afternoon, made a personal appeal to his friends, "the Hill road, Wellsville, collided the night of Aug. 4. Slight damage was done to both cars and no one was injured.

LEETONIA MAN HURT AT WORK

William Metz, 56, Caught Under Fall of Sand At East Liverpool

William Metz, 56, of Leetonia, was injured seriously between 3:30 and 4 p. m. Sunday while at work at the East Liverpool Sand company. It was not learned just how the accident occurred but it is believed it was a break in the machinery which caused three tons of sand to fall on him. The sand struck Metz on the left side and across the abdomen and his body is paralyzed, except his right hand.

Metz was taken to his home, 392 Adel st., Leetonia, following the accident. He is a married man and has three sons.

MORAN DENIES MAN KIDNAPED SECRETARY OF OIL CASE WITNESS

Washington, Aug. 20.—W. H. Moran, chief of the federal secret service, today denied that any of his agents had kidnaped Miss Martha Thompson, secretary to H. M. Blackmer, to secure evidence on which Blackmer was indicted for perjury in Denver.

Blackmer is a voluntary exile in France. A request for his extradition has been made of the French government.

ROYALISTS LOSE GREEK ELECTION

Athens, Aug. 20.—The Royalist party was overwhelmingly defeated in Sunday's election, returns today indicated.

Out of a total of 250 parliamentary seats, Eleutherios Venizelos, the liberal premier, will control at least 175.

SURRENDERS TO COPS

Cleveland, Aug. 20.—After eluding police since Aug. 9 when he is alleged to have murdered Philip "Funface" Curry, Michael Shinkman, better known as "Mike the Pipe," was under arrest here today, having surrendered voluntarily yesterday.

A WORTHY TICKET

From the gubernatorial nominee down the complete state ticket to the humblest office in the Eighteenth Congressional district and Columbiana county, the Republicans at Tuesday's primary nominated a slate behind which they can unite solidly, secure in the knowledge that election of these nominees means the placing in office of men capable and efficient.

There were several spirited contests among the candidates in Columbiana county, but judging by the results the popular choice won in almost every instance. This is no reflection at all upon those who ran second or farther down the line. It merely indicates that the people perhaps were better acquainted with those of whom they had heard more.

For once it must be admitted that the majority ruled in the primary. Ordinarily there is such a small vote cast that nominees are chosen by a minority. At Tuesday's primary, however, the majority was in the saddle. Men and issues brought out the largest primary vote ever cast in Ohio.

Myers V. Cooper of Cincinnati, and Congressman James T. Begg of Sandusky, provided the thrills of the primary by their spectacular fight for the Republican nomination for governor. Cooper is the victor by a majority that is impressive, albeit not nearly so strong as has been the case in past primaries. The closeness of the contest indicates the faith the public has in each man. To lose a fight like Begg lost is not any reflection at all on him or his organization. Rather, it is a compliment that he was able to maintain the pace he set.

Mr. Cooper polled tremendous strength in his own county—Hamilton—and elsewhere in Ohio, largely in the rural districts. The urban vote was about fifty-fifty as between Begg and Cooper, except in the tier of counties along the lake, where the congressman is perhaps a little better known—a more neighborly sort of acquaintanceship—than is Mr. Cooper.

This was not a victory of any organization. It was a decision made by the people themselves. They went to the polls and voted for the man of their choice, who espoused the issues they favored. It cannot be said that the support of this organization, or the lack of support of that organization, had anything whatever to do with the result. It was the public that made the decision.

The Republicans now have perhaps the strongest ticket in the field that ever was presented to the voters of Ohio. With Herbert Hoover, Charles Curtis and Myers V. Cooper leading the ticket, surrounded by men whose reputations speak for themselves, it is possible for the G. O. P. in every section of the state to go to the electorate and ask for support at the November election.

The strength of the ticket will not be impaired by any ill-feelings within the party. Every man had a chance to say what he had to say before the primary. The public made the selection. Now it is up to the defeated candidates to turn to and aid the fortunate ones in putting over a solid front in November, from president to the lowest office to be filled.

Harmony should be the keynote of the campaign. With a united front there can be no doubt of the result.

What Others Say

BIRTHDAY HOMES

Surely there is nothing more reprehensible about the newest fad to capture the feminine imagination—that of going without stockings. The only question that suggests itself rests on aesthetic grounds. The public has been used for so long to flesh-colored hosiery that the increasing appearance of the bare leg passes almost unnoticed. It excites little more comment, except among manufacturers and merchants of wearing apparel, than the sight of a young man on the street without a hat. And possibly in the temperature experienced this summer it has the same excuse in comfort. But here is surely rationalization rather than cause, since

the practice concerns a sex that for the sake of a fancied increment of pulchritude will wear furs in July. Very likely we shall yet see a pair of birthday legs supporting a fox-skin boa.

For the bare can match the silk clad leg for beauty only under exceptional circumstances. When with restrained persistence it has been exposed to wind and weather until it has acquired a rich, even pigment which hides the veins and bruises and the other more superficial discolorations—when in other words, it has been provided with its own natural stocking of tan—then it may not fear comparison with its silk-clad competitor. But the smoke filtered sunlight and limp airs of the city are powerless to tan anything; their only contribution is dust and soot which describe patterns that aren't even funny. Only with the aid of much country sun can the fad hope to prosper.—New York Herald Tribune.

TRAVESTY ON JUSTICE

An innovation in motorists' fines was tried recently in Far Rockaway when a magistrate penalized those brought before him on the basis of the cost of their automobiles. Four-thousand-dollar car owners were given two-dollar fines, two-thousand-dollar owners one-dollar fines, and those who possessed decrepit or inexpensive cars got off altogether.

Assuming that the report of this remarkable procedure is correct, it would appear that the effect of the heat is being felt as much in Far Rockaway as it is in other sections of the country. Such proceedings make a laughing stock of justice. Persons can be injured or killed by a five-hundred dollar car as well as by a four-thousand-dollar machine and to attempt to discriminate in a matter of this kind is nothing but a distorted conception of justice. The magistrate should take no pride in the publicity which he has received.—Washington Star.

London-California Flight Is Planned

London, Aug. 20.—A trans-Atlantic flight to take place next spring has already been planned by Mrs. Keith Miller and Captain Lancaster, who recently flew from England to Australia in a light airplane.

Captain Harry Lyon, who was the navigator of the "Southern Cross" in which Captain Kingsford Smith flew from California to Australia, is to accompany them.

The flight will be from London to Los Angeles with only one stop at New York.

The flight will be financed by Los Angeles residents.

Prussian Military Music Charms Him

Berlin, Aug. 20.—The Maharajah of Patiala was so impressed with Prussian military music during his visit that he invited Bundesmarschall Grottelbach and 80 other musicians to come to his domain and reorganize and improve the Patiala military band. Grottelbach, former bandmaster of the Prussian Guard Grenadiers, has accepted.

He will receive a high military rank, a villa for himself and his family and \$500 a month. In return, he must give three court concerts a week.

The Stars Say—

For Tuesday, August 21.

By GENEVIEVE KEMBLE.

Fortune smiles on this day, in many directions, according to the planetary configurations, even the so-called malefics smiling under benefic rays. Business, as well as heart and home affairs, are under flourishing rule, but the money should be handled with discretion and conservatism.

Those whose birthday it is may anticipate a steady and successful year, with business and personal matters flourishing, but they are advised to manage their financial affairs with conservatism and frugality. A child born on this day may be sturdy and industrious and should be educated and trained to many ways. It should be trained to economy and thrift, however.

All our advantages are those of Fortune.—Byron.

Los Angeles to Get Altar Where Gray Wrote His "Elegy"

Stoke Poges, England, Aug. 20.—The little altar from the historic church of Stoke Poges, in the churchyard of which Gray wrote his "Elegy," may shortly adorn the "Church of the Little Flowers" near Los Angeles, Cal., if a suggestion now before the local church council receives final approval.

Drastic alterations are being carried out in the famous little church. The altar has been taken away, ugly tiles are being hidden, and exposed radiators concealed.

The alterations followed a strong report of the diocesan advisory committee on the condition of the church. The committee expressed the opinion that the arrangement of the east end left much to be desired, the whole scheme "at present embodying nearly every fault of the Victorian era." The little altar was condemned as "neither ancient nor valuable, and much too small."

The proposal to send the altar to California arose in a romantic way. For some years the heads of the two churches have corresponded. The American church is modeled along the lines of Stoke Poges, and gifts of money from the American organization to Stoke Poges have been frequent.

Some time ago the head of the American church told the vicar here how much his church would appreciate any small gift from the original church. The proposal to send the altar to California is a result. The matter now rests with the head of the diocese in which Stoke Poges is situated.

SHARP PAINS GIVE SIGNALS FOR REST

By Royal S. Copeland, M. D.

United States Senator From New York, Former Commissioner of Health, New York City.

In the chest are vital organs. Here are located the lungs and heart. The lungs are protected by a covering of tissue which gives form and security to these delicate organs.

The heart is suspended in a fluid-filled sac, known as the "pericardium." Just as all other parts of the body are liable to become congested and inflamed, so may the "pericardium."

Primary pericarditis is rare. What I mean is that it is unusual to have an inflammation of the heart sac without trouble which started somewhere else in the body. The most common ailment to produce it is rheumatic fever.

Tonsillitis, tuberculosis, scarlet fever, measles, pneumonia, diphtheria and typhoid may be followed by this particular form of heart disturbance. But, as I have said, the worst enemy of the pericardium is rheumatic fever. That disease seems to attack striking at the heart.

Just what the symptoms will depend on the form the pericarditis takes. If it produces an effusion—that is, if a lot of fluid is thrown out, filling the heart sac and crowding the heart—then it becomes difficult to breathe. A sensation of pressure and suffocation is produced. There is apt to be some pain, although it may not be pronounced, but sometimes it is stabbing and severe.

There may be considerable fever. Cough, restlessness, rapid pulse and sometimes delirium are other symptoms.

Fortunately, pericarditis is rarely fatal. The common type, that which follows rheumatic fever, is particularly favorable as to outcome.

In the treatment, more important than all the other things combined, is the absolute quiet which must be had. The first indication is to keep the heart down to the slowest possible action. To accomplish this there must be physical rest and mental rest. Noises, odors, jarring—everything which can possibly excite in the heart must be suppressed.

When a child is the victim, the pain and distress may be relieved by applying an ice pack over the chest. Anything which is helpful in allaying excitement is beneficial because it aids in keeping the heart action down.

The after care is important. Sunlight, fresh air and massage will help a lot.

Your doctor will prescribe the remedies.

Answers to Health Queries
M. B. Q.—Does sinus trouble affect the nose and eyes?
A.—Yes. You should consult a nose and throat specialist for treatment or go to one of the large hospitals.

L. C. S. Q.—What can be done for extremely thin ankles?
A.—What do you advise for ice-cold hands which also perspire at times?

A.—Massage and exercise should be helpful. Dancing, running, skating, brisk walking, should all add to the development.

2.—This is due to poor circulation. Improve the health in general and the circulation will benefit. For further particulars send a self-addressed stamped envelope and repeat your question.

E. C. Q.—Is ironized yeast harmful?

2.—Which is best for gaining weight, ironized yeast or cod liver oil?

A.—I am not familiar with this.

2.—Cod-liver oil is good tonic and builder.

Real artistic skill has gone into the creation of Gordon hosiery. Not only the ability that comes from long experience in making beautiful hosiery, but the inspiration and sound taste of a true artist.

The exquisitely tapering V-line designed to follow exactly the shadows an artist sees in a perfect ankle—the little Narrow Heel, softly repeating the rim line of the shoe heel—the Shadow Clocks, like French handwork for delicacy—every Gordon stocking existed first in the mind of an artist.

Gordon colors are selected by fashion experts to meet the precise requirements of the ensemble. Yet these unusual stockings are priced at \$1.95 to \$2.50

Ugly? 'S Zat So! Look 'Em Over

"Stop women from competing in men's sports," cried a French editorial. "It's spoiling their beauty, making them ugly. Just look at the American and English girls!" Well—look at 'em! They're mighty restful to the eyes, if the above collection are any criterion. Top, l. to r., Helen Wills, who is athletic and pretty, too; Ethel Catherwood, demure Canadian jumper, who can qualify in

most any beauty contest; Aileen Riggins, charming American swimmer, and Ruth Elder, the girl you all remember as being the first to fly (part way) across the ocean. Bottom, l. to r., are Glenna Collett, who swings a mean golf club, and Elizabeth Robinson, school girl 100-metres champion. Again we say: look at 'em—go on and do it!

POTTERS SIGN
2-YEAR SCALE

Agreement Expiring Sept. 30 Renewed Again By Manufacturers

Atlantic City, N. J., Aug. 20.—With peace assured in the American pottery industry for two years as a result of renewal of the general ware wage scale which expires Sept. 30, the executive board of the National Brotherhood of Operative Potters held a special session here Saturday. The union leaders left for home Saturday night.

The conference with the labor committee of the United States Potters association adjourned when a new agreement was signed. Except a few minor changes, it is virtually the part in effect since 1926. The new scale will become effective on Oct. 1.

The manufacturers receded from their earlier stand to abandon collective bargaining. "We are not satisfied with the agreement," W. E. Wells, of Newell, W. Va., chairman of the manufacturers, declared today. "We desired to discontinue collective bargaining because we felt it had been abused at times. However, rather than disrupt the meeting which affected the welfare of 20,000 workers, we accepted it. We did desire some few wage reductions, but did not even advance them. We agreed to renew the old wage scale in its entirety for the next two years."

Pretty little Gwen Lee, screen star, introduces a new fad by wearing an impressionistic design of her favorite sport, polo, on her jackette. These designs are cut from felt such as is used for athletic letters on college jerseys. Futuristic designs in different forms are proving quite the rage on Hollywood sport costumes.

Professor Goes Alone To
Congo To Discover Cure
For Sleeping Sickness

New York, Aug. 20.—An Argosy of Science, just begun by a young University of Wisconsin professor, may result in the "rediscovery" of the "continent of Africa," according to his colleagues.

Dr. Warren K. Stratman-Thomas, 28 and unmarried, started alone from New York a few days ago on a trip to the wilds of the Belgian Congo jungles that will occupy at least two years, probably more and possibly may cost the young scientist his life.

He goes, armed with six new arsenical compounds, to prove a cure for the scourge of sleeping sickness which annually sweeps tropical Africa with a toll of 100,000 human lives. Dr. Stratman-Thomas believes he has found a cure for this dread disease, a feared mystery for two and a quarter centuries, and he wishes to establish proof of the cure on the scene of the plague's greatest inroads.

Sleeping Sickness
"Finding a cure for sleeping sickness would be equivalent to discovering a continent," says Dr. A. S. Loevenhart of the University of Wisconsin, under whose direction Dr. Stratman-Thomas worked.

Six compounds were selected to be taken to Africa after experiments with 139 arsenical compounds developed in the Parke-Davis Laboratories at Detroit. Each successive preparation has a greater "kick" than the previous. It is in the last, number 139, that Dr. Stratman-Thomas places his greatest hopes, based on the results of carefully observed experiments.

Describes Experiments
He went on to describe his efforts over the past five years to develop a compound which would cure sleeping sickness. First, he explained that the African sleeping sickness, which has been recognized since 1700, is entirely different from the "so-called sleeping sickness prevalent in this country and elsewhere among white races."

Mt. Hope Academy Founder Honored at Reunion At Kelley Park

Initial steps toward the publication, in book form, of the poems composed and addresses made by A. Y. Taylor, founder and principal of Mt. Hope academy, Rogers, were taken by former pupils of the institution during their annual reunion at Kelley's park, midway between Columbiana and Leetonia Thursday.

The action, unanimous on the part of the alumni, followed a motion made by Atty. Frank E. Grosshans of East Liverpool. He, Ezra Bye of Lisbon and Dr. J. W. Davis of Youngstown, were appointed to carry out the project.

Program at Kelley's Park
Because of the condition of roadways leading to Rogers the gathering of the former students was transferred from "Homeland," the attractive home of Mr. and Mrs. Taylor, to Kelley's park.

Teachers 83 Years Old
Their mental powers unabated and apparently in good health, Mr. and Mrs. Taylor, despite their 83 years, were the center of attraction of all in attendance.

ourselves and all the great power of the earth pledging renunciation of war." He denounced as false doctrine, overturned by the whole trend of history since the World war. Hoover's statement that "adequate preparedness for defense" is a factor contributing to the maintenance of peace.

"Mr. Hoover is opposed to the repeal of the 18th amendment, and at this point his troubles begin. Accepting the formula of that paid band of agitators, lobbyists and persecutors, which calls itself the Anti-Saloon League, he speaks of nullification as if it were an unheard of and horrid thing. As a matter of fact, the word 'nullification' should not be used to describe what Mr. Hoover has in mind. . . . The process and action which it is now fashionable to call nullification are the accepted and usual ways by which any free people and particularly the American people, have gotten rid of laws that they did not like or that were offensive to their sense of justice and right.

"Enforcement Stand Hit

"The parrot-like cry for law enforcement means somewhat less than nothing. The facts being what they are, to declare for law enforcement in respect to the 18th amendment is to declare for lawlessness and for a continuous and organized assault, under official protection, upon the foundations of our government.

"What I wish to make entirely plain is that no candidate of my party for the presidency can commit me or countless others like me to any such doctrines or to any such policies.

"Of what I have written, I say in words which Patrick Henry made famous: 'If this be treason, make the most of it!'

Mellon Not Worrying

New York, Aug. 20.—No, I don't think Dr. Butler's opinion will make a great deal of difference to the party.

This was the reaction of Secretary of the Treasury Andrew W. Mellon to Dr. Nicholas Murray Butler's broadside upon Herbert Hoover today as he stepped from the Leviathan.

legislative record will be given more careful study by the voters of the country. The governor is said to have told his advisers that he is confident he can convince the country that White's charges are not borne out by the facts.

There is every indication that the forthcoming statement will be the last formal defense that Governor Smith will make of his executive record. He is understood to have told his advisers that he does not intend to permit this to become an issue in the coming campaign.

Tedious Job of Reading

The work of preparing his reply to White was nearly as tedious as the writing of his acceptance speech, the governor indicated to friends. For more than two weeks at odd moments he has been reading the 20-year-old bills mentioned in the charges made by the Kansas editor.

Today and tomorrow the governor hopes to get all pending state business cleaned up so he will be free to leave Albany on Thursday, the day after the notification ceremony. On Saturday he will review the New Jersey national guard troops in camp at Sea Girt, N. J. The governor will remain over Sunday in New Jersey for a brief vacation. Upon his return to New York, he is expected to discuss his campaign plans with National Chairman John J. Raskob.

Democratic leaders from all parts of the country are expected to begin arriving here tomorrow. By the time Governor Smith walks out on the east steps of the capitol Wednesday night at 7 o'clock to formally accept the nomination it is expected 100,000 visitors will be here.

Robinson In New York

New York, Aug. 20.—Senator Joseph T. Robinson, Democratic nominee for the vice presidency, arrived in New York today from his Arkansas home on his way to take part in the notification ceremonies for Gov. Smith.

Accompanying the senator were his wife, her brother, Grady Miller of Little Rock; Mrs. Miller, Vincent L. Miles, of Fort Smith, Ark., national committeeman from Arkansas and Mrs. Miles; C. W. Martin, secretary to Senator Robinson and J. J. Harrison, chairman of the finance committee of the Arkansas state Democratic committee.

A welcoming delegation from Democratic national headquarters met Gov. Smith's running mate and his companions at Grand Central terminal.

No One Recognizes Him

The committee, headed by James J. Hoyer, of the national advisory committee, included Kenneth O'Brien, vice chairman of the finance committee of the national committee in charge of New York state; Joseph Higgins, assistant secretary of the board of estimates and assistant to Hoyer, and Richard T. Murphy.

Not one of the hundreds of persons in the congested terminal recognized the senator.

Markets

OPENING IRREGULAR
New York, Aug. 20.—The market was irregular at the opening today with narrow price changes. General Motors lost 1/4 at 16 3/4, while Packard and Hupp gained fractionally, and Chrysler jumped 1/4 to 9 1/4. U. S. Steel sold up 1/4 at 14 3/4, American Can was up a point at 14 1/2, Consolidated Gas up 1/4 at 10 1/2, and Boston Oil house up 1/4 at 14 1/2. New York Central up 1/4 at 10 1/2.

Stocks of the American railroad companies were forced to the front as the leaders of the forward movement in prices at the beginning of trading today. With the exception of Chrysler, which sold up about 3 points, the motor stocks were relatively under profit taking. Automobiles rarely exceeded 2 points. The balance of the market was firm after the announcement of the 6 per cent call loan rate, with the 6 per cent cash register the main product of the day.

St. Louis Southwestern and Missouri Pacific led the movement in the non-dividend rails, the former crossing 100 for the first time and the latter pushing through 40. The St. Paul issues continued last week's brilliant move, the preferred selling about a point higher. Reassuring to money markets and industrial conditions were the statements to the leaders in the speculative district and the demand for stocks which flowed in from the outside aided the pools and professionals to mark prices higher.

The opening loss of a point or two in the well-known industrials and specialties were quickly made up.

Chrysler Motor and Dodge preferred established new high price records in the second hour in active trading. Corn products and Colorado Fuel and Iron featured the materials and Atlantic Refining the oils. The mercantile stocks were inactive as well as the moving picture group, with the exception of Consolidated Film preferred, which reached a new high for the year.

Cotton declined nearly \$2 a bale on Wall Street and southern liquidation. Wheat lost 1/4 cent a bushel and corn was fractionally lower at the start. Call money ranged at 6 per cent.

WOMAN LOVELY EVEN IF SKIRT IS VERY SHORT

That Is Opinion of One Of the Best Dressed Women In France

Paris, Aug. 20.—Woman will find a way to appear lovely, be her skirts ever so short!

This is the confidence of Countess Marguerite de Mun, hailed as one of the five best-dressed women in France, who whispered it to the International News Service.

Fertile-minded creators of style can keep on snipping inches off the already skimp "jupe"—slangily "jupette"—and Countess de Mun will neither blush nor fall into despair.

"Styles do not make the woman," she said. "But women set the fashion simply by adapting themselves to each new mode and appearing to advantage in it."

"Of course anything really ugly would be lost because women would refuse to wear it, but ugliness cannot be interpreted in terms of wider or narrower hips, frills and flourishes or in the length of skirts."

"New conceptions of designers may make it necessary for a woman to go to much trouble to wear them well, but there is an instance in history where woman has ever failed to conform to fashion's decree?"

The fact that curves distinguished the woman of other days does not mean that modern styles could not come back tomorrow.

The other night I attended a ball where all guests were in Regence robes. And I may say there were many lovely women, just as lovely in those quaint old gowns as they were earlier in the day in modern garb.

"I dislike short skirts for formal evening affairs, though the freedom they afford is desirable for many other occasions. Perhaps we will be asked to wear shorter skirts, but that is not the question. If woman believes shorter skirts give her the chic the dressmaker intends they will be worn."

William De Mille, motion picture director, and Clara Beranger, who has written numerous film scenarios for him, were recently married aboard a train at Albuquerque, N. M.

LEGION STATE CONVENTION ON AT COLUMBUS

Capital Streets In Gala Attire For Sessions Of War Veterans

Columbus, Aug. 20.—With the principal streets of this city reflecting the gala atmosphere of Parisian boulevards, the 10th annual American Legion state convention opened its sessions here this morning, with between 8,000 and 10,000 members present.

Featuring today's program was a parade through the city by the legionnaires in the afternoon.

State officers elected at a meeting of the "40 and 8" society yesterday are:

Grand chief de gare, Nelson McQuillen, St. Clairsville; grand chief of train, Lloyd J. Zeller, Springfield; grand commissaire, Edward C. Weber, Dayton; grand correspondent, George W. Lawrence, Norwalk; grand conductor, W. L. Dewesse, Lima; grand advocate, Clarence Moyer, Sandusky; grand garde de la porte, Henry Johnston, Cleveland; grand commis voyageur, Rudy Beck, Hamilton; chemist national, David Levy, Cincinnati; and chemist national alternate, Dr. A. F. Sarver, Greenville.

Forer of reminiscent laughter were evoked when a typical reproduction of a French "40 and 8" box car, mounted on auto, rumbled through the streets.

Rockford In Gloom

Rockford, Ill., Aug. 20.—Gloom spread over Rockford today as hope waned for the missing Sweden-bound flyers, Bert Hassell and Parker Cramer, who are almost a day overdue at Mount Evans, Greenland.

"No sign of Hassell yet. Long overdue."

That was the discouraging report, radioed from Mount Evans, in the hands of the Chamber of Commerce today. It was signed "Etes" for Elmer Etes, mechanic, who had gone on ahead to greet the plane in Greenland.

Many Rockford citizens remained up all night to await word of the missing plane. The hope prevails that the flyers are safe, having lost communication with the outside world through the failure of their broadcasting set.

Thomas A. Edison has been granted no fewer than 1,328 separate patents for original and important work.

CASEYS GATHER IN CLEVELAND

46th Annual Convention Of Supreme Council Is Opened Last Night

Cleveland, Aug. 20.—Thousands of members and delegates from all parts of the United States, Alaska, Canada, Hawaii, and the Philippines were here today as the 46th annual convention of the supreme council of the Knights of Columbus got under way here today.

A shopping tour for the women visitors, arranged by the Cleveland Catholic Daughters of America, was on the program for this morning. Automobile tours of the city are scheduled for this afternoon, with a moonlight ride and dancing on Lake Erie tonight.

The convention formally was opened last night with a banquet in Hotel Cleveland. Francis P. Matthews, Omaha attorney, in an address at that time, made a strong plea for religious and racial tolerance.

"The spirit of the immortal constitution has almost vanished from the land," he declared. "Racial and religious intolerance have been rampant. Men have hidden their heads under a flowing robe and made the very insignia detestable in the eyes of all fair-minded men."

Matthews also denounced American newspapers for their treatment of news from Mexico, declaring that "on every pretext and without pretext, the press places before us news linking outlawry, murder and banditry in Mexico with the names of Catholics."

Other speakers at the banquet were Bishop Joseph Schrembs and Ray T. Miller of Cleveland, and Supreme Knight Carmody, of Grand Rapids. National officers, besides Carmody, who arrived yesterday were: D. J. Callahan, Washington, D. C., supreme treasurer; Luke E. Hart, St. Louis, supreme advocate; John P. Martin, Green Bay, Wis., deputy supreme knight; Dr. Edward W. Fahey, St. Paul, supreme physician, and Rev. John F. McGivney, New Haven, supreme chaplain.

CURTIS ON WAY TO WASHINGTON

G. O. P. Vice-Presidential Nominee Speeding East For Addresses

Topeka, Kan., Aug. 20.—Senator Charlie Curtis was on his way to Washington today to open his campaign in the east.

The Republican vice presidential nominee, who officially launched his campaign here Saturday with his acceptance speech, left for the capital yesterday.

Senator Curtis will make his first eastern address in Providence, R. I. on Thursday. After this speech the senator is expected to talk before New York, Connecticut, Maine and Kentucky audiences, but these appointments are all tentative and will be discussed by the national committee when Senator Curtis arrives in Washington Tuesday.

The senator, who was born in North Topeka, 68 years ago, and who has been a resident here since has asked the national committee to allow him to close his campaign where he opened it—in his own state. He expects to spend the latter part of his campaign tour in the Middle West ending it at some part of Kansas and coming to Topeka to vote.

Among the congratulatory telegrams which the senator received following his acceptance speech was one from 3,000 Oklahoma Indians.

The new United States air mail routes, effective August 1, are expected to result in an increase of from 100 to 300 per cent in air mail business.

26,000 CHINESE REDS EXECUTED

Labor Federation In Re- port to Soviets, Also Raps America

Moscow, Aug. 20.—Twenty six thousand Chinese Communists have been executed by the Nationalists in the past year, according to a report from the Chinese Federation of Labor received today by the Red International of trade unions. The Chinese Laborers asked for assistance in the fight against the Kuomintang.

The report declared that "a total of 318,000 Chinese workers and civilian peasants were slaughtered during period covered by the report without cause other than that they passively resisted the treacheries of the Chinese generals."

About 36,000 of those beheaded were trade union members. Almost half of the total membership of the Chinese Communist party were killed in what is described as a "ruthless hunt for Red heads."

The Federation warned against an impending rapprochement of the new Nationalist government and "the Imperialistic United States." It declared that "political and commercial penetration" by the United States eventually will turn China into a vassal colony "of the most powerful nation in the world today—America."

Joseph Devlin and Maj. William Redmond are among those mentioned as candidates for the seat of T. P. O'Connor, the "Father of the House of Commons," who is expected to retire at the close of the present parliament.

ST NINE GAMES FOR SALEM HIGH TEAM THIS YEAR

Will Meet This Week with Floyd Stone, Coach; Hopes High For Grid Camp But Treasury Deficit May Prohibit

Members of the 1927 high school varsity and reserve squads will form the nucleus of the 1928 gridiron aggregation which will meet with the coach and athletic director, Floyd Stone, of Lancaster, for a round-table discussion of prospects for the coming season.

who was expected last week to arrive in the city tomorrow, his predecessor, J. Springer, now principal, is expected to arrive today.

Immediately upon his arrival he will call a meeting of the candidates at the High School gymnasium.

May Have Camp Again

Mr. Stone's assistant coach, J. W. Stone, is not expected until September.

Definite plans have been formulated for a football camp, due to the financial condition of the Athletic association treasury, but hopes are entertained that one will be held, Springer said.

A camp this year would be much more advantageous than ever before, as both coaches will be entirely new to the candidates out for the team, and a get-acquainted session such as a camp would offer for a week or ten days would be invaluable.

Eight Letter Men Back

Of the 31 men left from last year's county championship team, eight letter men are back, brightening up prospects for a winning season somewhat. The letter men are: Capt. Scullion, Gibbons, Sartick, Guilford, Pasco, Sidinger, Whinery and Van Blaricom.

Nine Games Are Listed

Nine games have been booked to date by Springer who is acting as faculty manager of athletics until the appointment is made. R. V. Vickers, former faculty manager, resigned his teaching position at the end of the last school year. R. W. Hilgendorf will continue as treasurer of the association.

Games booked are:

Sept. 15—Open. May be kept open Sept. 22—Louisville, at home.

Sept. 29—Leetonia, there.

Oct. 6—Lisbon, at home.

Oct. 13—Warren, there; Warren Reserves, at Warren.

Oct. 20—Wellsville, at Wellsville.

Oct. 27—Open.

Nov. 3—East Liverpool, here; Warren Reserves, here.

Nov. 10—Youngstown South, at Youngstown.

Nov. 17—Open.

Nov. 24—East Palestine, here.

Nov. 31—Alliance, here.

Attempts are being made to line up either Girard, New Philadelphia or Massillon for Nov. 17, while the other open dates will probably be kept open.

LOU MEYER IS RACE WINNER

Youthful Californian Is First In 200-Mile At Altoona Sunday

Altoona, Pa., Aug. 20.—Lou Meyer, youthful Californian who first won fame by winning the Indianapolis races Memorial day, today wore a new crown after winning the 200-mile International Speed sweepstakes at Altoona speedway before a holiday crowd of 65,000.

Young Meyer, driving a Stutz Special, maintained a pace of 117 miles an hour, covering the distance in 1:42:45.

Bob McDonough, of San Francisco, driving a Flying Cloud, who led Meyer during the early part of the classic, was forced into second money and lost the most generous slice of the \$27,000 money when a flat tire catapulted his car into the pit on the 101st lap. McDonough lost nearly 2 1/2 miles in the spill, but roared ahead of the others to place second in 1:43:43.

Cliff Woodbury, of Chicago, driving for Fred Comer, placed third in 1:44:55, with Billy Arnold, Philadelphia, fourth; Dave Evans, San Antonio, fifth and Ray Keech, holder of the world's speed record, sixth.

Eleven of the original 16 starters finished the race, all escaping accidents, with the exception of the spill which forced McDonough into second place.

Leon Duray won the preliminary 5-mile sprint in 2:18 1/10 seconds, while Ralph Hepburn took the 10-mile sprint in 4:42 3/10.

A threatened injunction to prevent officials from staging the classic on Sunday, after Saturday's postponement because of rain failed to materialize.

Southern Stars Speed Giants' Battle

It is the Southern wing of the New York Giants which may place them among the elect this year. Arkansas has contributed Captain Travis Jackson, right; Alabama, Andy Cohen, left, and Louisiana comes through with Melvin Ott, center. This trio by their flawless fielding and opportune hitting is pushing the Giants nearer the top every day. Ott is considered one of the sensations of the National League this year. Andy Cohen has made himself so useful that Hornsby isn't missed. Jackson has hit his stride. So everything is right again.

FOOTBALL GARB IN NEW COLORS COMING SEASON

Boston, Mass., Aug. 20.—When the football season breaks out in the fall like a rash, the color schemes of a number of leading New England college eleven will have undergone a complete metamorphosis.

Football fans will rub their eyes in wonderment when the eleven of Boston College and Holy Cross, the sworn rivals of the gridiron, take the field, because the color schemes so long familiar will be changed so as to be hardly recognizable.

Holy Cross used to come down to Boston garbed in blue. Their colors were purple and white. A change was made, the blue was discarded and now Holy Cross is purple from headgear to stockings, with big white numerals carrying out the color scheme.

The new football togs at Boston College, believed to have been designed by Head Coach Joe McKennny, will make the B. C. eleven one of the most colorful aggregations in the land. In the first place that old maroon and gold color scheme has been scrapped. The team will have golden jerseys, with maroon shoulders cut into the jersey along the western conference idea, and the gummy stripes on sides and center will also be maroon. These maroon stripes are also to have a gold stripe.

The stockings are to be gold also, with two or three bars of maroon. As a fitting top for the new "creation" the Boston Gridders will wear maroon helmets.

Even Harvard long set against the idea of placing numerals on the players, not only spread big white numbers on the crimson jerseys in the Yale game back in 1923, but has since decked out its teams in crimson pants, crimson helmets, crimson stockings and even crimson hand protectors.

Dartmouth too added the touch of green helmets to make the big "wa-hoo-wah" Indian from Hanover sartorially splendid.

Tufts has worn white colored helmets.

HALF CHAMPIONS MEET TONIGHT

The first game of the city championship "mush" ball series between Mullins, second half champions, and the Massons, first half title holders, opens tonight at 5 at Centennial park.

The probable lineup of each team will be:

Mullins—Borton lss; Watkins p; Fitzpatrick lf; Oider mf; Schuller c; Campbell 3b; Probert or Cecil Scullion rf; Allen 2b; Morris 1b; Bolen rss.

Massons—A. Morris c; Al Sanders and Koenreich, 2b; Myers p; McKee lf; Kelley 3b; A. Wright ss; Hoffman and Knowlton, rf; Irey mf; Springer lss; Zimmerman lf.

Mullins is the favorite to carry off first honors, as the Masonic outfit has been playing a brand of ball all through the second half that was far below the class played by the body-makers.

GOOD SCOTTISH GROUSE SEASON DRAWS YANKEES

Big Prices Rule As High Mark for Shoots There Is Chalked Up

London, Aug. 20.—A record Scottish grouse-shooting season is predicted for this year. Local agents declare American bookings of "shoots" have never been higher, and that big prices are the rule.

Some of the finest estates in the country have been rented by wealthy American sportsmen, who will arrive in force for "The Twelfth" traditional opening date of the grouse-shooting season.

Americans Numerous

The increase in American rentals is attributed mainly to the easy manner in which the wealthy American can now reserve a "shoot." By means of a New York agent, he can arrange for his trans-Atlantic steamship trip, railroad journey to Scotland, hire of gamekeepers and ghillies, motor transport, and catering with the minimum of trouble.

Experts predict an active social season in the Scottish Highlands, if only by the presence of King George, who has renewed his customary lease of the Aberfeldie estate. This estate, together with the Royal residences at Balmoral and Gellie, enables the king and his guests to have a "shoot" covering 40,000 acres of superb grouse country.

Morgan to Hunt

J. Pierpont Morgan, the millionaire banker, will be in residence at his estate at Garmochy Lodge, and

another American who will have a large shooting party will be H. Payne Bingham, of New York, who is renting Blair Castle, a famous "shoot," from the Duke of Atholl. Baron Edouard de Rothschild, of the famous family of European bankers, has taken Invercauld House, the stately residence of Colonel Farquharson of Invercauld, for the season.

Some of the largest shootings have been rented to Americans for prices ranging up to \$25,000, according to the agents. Taking into consideration the fact that the season only lasts for six weeks, a fair estimate of the cost of a brace of grouse shot on the Scottish moors is around \$10.

It is not beyond the bounds of expectation that 100,000 will be on hand.

Of course the race would be at equal weights—126 pounds. And the distance will be one mile and one-quarter, the same route the horses negotiated on Saturday.

Sir Robert Perks, the famous British engineering expert, and Lady Perks, recently journeyed to the Isle of Wight to pass their golden wedding in the same room in the same hotel where they spent their honeymoon 50 years ago. Lady Perks wore her wedding dress, which she had kept for half a century.

3-HORSE RACE WIDENER'S PLAN

Saratoga, N. Y., Aug. 20.—A special three-horse race between Peto-Wrath, Victorian and Reigh Count is being arranged for the September meeting at Belmont Park, it was learned today.

Joseph E. Widener, president of the Westchester club, is said to have planned for the arranging of the event shortly after the running of the Travers stakes here last Saturday.

It is believed that the owners of the three thoroughbreds are all anxious to have their horses meet again. If the race is made, beautiful Belmont Park is sure to have the biggest crowd that ever witnessed a horse race in this country.

"ROADHOUSE"

Opening tonight at the State is Lionel Barrymore in "Roadhouse," a new brand of "modern" picture, based on the current "jazz mad morals" and said to depict the pitfalls that beset the youth of the nation due to its modern foolhardiness.

The story is an exaggerated tale of a prodigal son led to his downfall by the example of his father's mild indiscretions and his failure to "keep his own feet on the ground." It portrays youth as exceedingly reckless, always present in roadhouses, imbibing intoxicants in large measures until the awakening period is reached.

Warren Burke is the son of Barrymore. He is fascinated by a female crook, leaves home through a misunderstanding and joins the girl's gang. He is arrested for a murder, and his father, accepting the boy as his own once more, stakes his all to fight crookdom and the warped

law which is attempting to prove his son guilty and wins. Burke on his release returns home, casts off his from his acquaintance the crook, Maria Alba, and lives forever happily with his childhood sweetheart, Kay Bryant.

It is a compelling entertainment, with thrills, moments of suspense, heart-touching romance and humor mixed in.

"SADIE THOMPSON"

Gloria Swanson is the featured actress in the narrative of "Sadie Thompson," a "live and let live" girl, which opens at the Grand tonight.

It marks Miss Swanson in the role of an outcast cabaret girl, who is trying to "get away from it all" but is framed into telling the secret of her past by a religious fanatic who throws her into prison because of her past reputation in Pago Pago, a lonely Pacific isle, where he tries to break down her dominant spirit.

She escapes from his clutches to win her way into the hearts of the island people, who then fight for her and help her win the man she loves.

Sadie Thompson is a girl of powerful personality; she has a code of living which although she did not realize it, was really the religion of all Christendom, believing instinctively in an All-Powerful, although never having been brought up in that direction.

The show centers around the personality of Miss Swanson; Lionel Barrymore as the religious fanatic, Charles Lane and Raoul Walsh are leading male characters.

STYLE EDICTS

Paris, Aug. 20.—Women will dress three times a day instead of one, if the Paris dressmakers succeed in carrying out their present plans of making the winter season the most pretentious one that has dawned since the war.

The "all-around-the-clock" dress has survived long enough, they argue, and the hour has struck for women to sweep some of the practicality out of their wardrobes and inject a little art into their dressing. The feminist wave has finally gained ground and young debutantes reared in the post-war period will have to learn mother's old tricks of lingering before a full length mirror and really taking time to dress.

Until the present season when flounces, filmy materials, laces and soft billowy effects appeared, the afternoon atmosphere was completely missing in women's clothes and the simple one-piece frock which came in with the war and still survives in modified form, seemed destined to stay on forever. The Paris creators of fashion, however, now say, No.

England Will Send Three Girls Here As Debating Team

London, Aug. 20.—Three girls representing English universities will sail for New York in October to meet the leading debaters of women's colleges in the United States.

This is the first team of women to be sent on such a mission from England. The three picked debaters, chosen at the annual congress of the National Union of Students, held in Oxford in April, are: Miss Nancy Samuel, daughter of Sir Herbert Samuel, formerly cabinet minister and government general of Palestine, of Somerville College, Oxford; Miss Lockhart of Girton College, Cambridge; and Miss Sharp of Bedford College, London.

They were chosen from 15 candidates from the leading universities of England. They will visit all the principal women's colleges in the United States, including several in the middle west where co-education is in force.

The women are to take part in 25 debates and are expected to remain in America until Christmas. Their debating ability, personality, ability to represent the traditions of England, and their standing in student circles were among the qualifications considered in choosing them.

The merits of co-education will be one of the chief features of the debates.

Fashions Latest Demands Bizarre

A great variety of weird and interesting costumes were displayed at the recent Costumers' Convention at the President Hotel, New York. One wonders if the Zulu afternoon gowns will find a place in milady's wardrobe. The colonial wig, center, is, to say the least, a unique headpiece. Experts decree that fashionable women are now looking to the stage and screen for ideas in dress.

THE HOME KITCHEN

By Jeannette Young Norton

Afternoon Coffee
Why have a coffee table unless you serve afternoon coffee? Many people prefer it to tea, and as we are entertaining the world today we must consult many tastes.

Foods to serve with coffee must be carefully chosen. If they are heavy and rich they destroy the dinner appetite completely. Hence the popularity of the coffee cake. If one likes to serve Turkish coffee see that it is ground very fine. Use an open Turkish pot, or a very small saucepan will do. The correct way is to make a large cupful at a time, but two large cupfuls will make four wee cups. Put into the open pot one and a half teaspoonfuls of coffee and a teaspoonful of sugar to a cup of cold water, twice that to make the four small cupfuls. Let boil up once, then pour a tiny bit in each cup, boil up again and do the same, repeating this five times, the last time add a few drops of rose water or cordial, then pour all into the cups, grounds and all, and before it is cool enough to drink it will have settled perfectly.

Aniseed Biscuits
Beat four eggs with a pound and a half of sifted powdered sugar, stirring for 15 minutes. Sift in slowly a pound and a half of flour, stirring steadily until all is smoothly blended. Roll the dough thin and cut in round cakes. Butter and dust with flour an iron baking sheet and lay in the cakes. Sprinkle them with aniseed, then set away and let stand overnight. In the morning bake in a very slow oven.

Date Sticks (Armenian)
Mix together one cupful of blanched chopped almonds, a cupful of chopped walnuts, a cupful of powdered sugar, three tablespoonfuls of flour, one teaspoonful of baking powder, a teaspoonful of vanilla, a half teaspoonful of rose extract and two eggs beaten separately.

Mix well and bake in a shallow tin, paper lined, in a slow oven. Cut into sticks.

Norwegian Krands
Wash a half pound of butter well, then beat to a cream. Mash the yolks of two hard-boiled eggs smooth and add to them two raw egg yolks. Beat in a half cupful of powdered sugar, the butter and a wineglass of home-made wine or cordial. Sift in a pound of flour and knead until all is blended, then shape into small cakes in the hand, dip each in the beaten egg whites, then roll them in sugar and bake on a greased tin in a slow oven a delicate brown.

Scotch Notions
Beat a fresh egg very light, then add to it gradually half a cupful of sugar. When creamy beat in a tablespoonful of melted butter, a half saltspoonful of vanilla and a cupful of rolled oats. Mix well and drop by the teaspoonful onto a well-greased inverted pan an inch apart.

Houston, Tex. — When officers raided a beer joint next door to the First Church of Christ here recently, they obligingly waited until after prayer meeting and then permitted Rev. Flaville Colley and his congregation to break up 1,600 bottles of beer and pour out an additional 200 gallons. While waiting the police lounged about the house and answered telephone calls, taking orders for beer from all parts of the town.

PARISIAN SILKS OUST TROUSERS IN FEZ HAREM

Moroccan Sultan Buyer
Of Rich Materials In
French Shops

Paris, Aug. 20.—Those baggy trousers and flowing burnous of Morocco's royal harem are going to be replaced by Parisian silks and satins when purchases made personally by the Sultan arrive at Fez. Sidi Mohammed, son of Mulay Youssef and 33rd lineal descendant of the prophet, arrived in Paris incognito. The Sultan's attempt at secrecy, piqued Parisian curiosity so much that he was observed more than he might have been on a state visit.

Hoping apparently to remain inconspicuous in the Place de la Concorde despite his desert costume the Sultan, accompanied by El Mokri, Grand Vizier, climbed demurely into a taxicab and drove to a department store on the Left Bank. Royalty usually goes to the Rue de la Paix.

After inspecting the merchandise the Sultan bought several dozen pairs of the sheerest hose, lingerie, and other finery. For respite from the shopping expedition he went to the movies.

Darkness came with the curiosity seekers speculating on how a Sultan would spend a night in Paris. His Highness left no room for speculation. He and the Grand Vizier went to Luna park and took in a circus, a three-ring affair with trapeze girls, bareback riders, elephants, crowds and peanuts.

The Sultan escaped considerable attention there because his advent had not been heralded and many looked upon him as part of the show.

The next day the Sultan had to leave his incognito at the hotel and attend an official dinner at the Elysee where President Doumergue conferred upon him the Grand Cross of the Legion of Honor.

With the new decoration, parcels from the department store and incognito Sultan, Sidi Mohammed journeyed back to Fez.

Where's Gene Tunney, Jack Dempsey, any university eleven or the man who said he could whip his weight in wildcats?

They are needed to defend, in one way or another, American manhood.

Viscount Alain de Leche, age 29, six feet tall in his stocking feet, writer and philosopher, has just returned to Paris from the United States with this finding:

"American men need more virility!"

He went to the other extreme about American girls though a little criticism did creep into his praise and enthusiasm. "Your women do too much drinking and smoking," he observed.

The viscount said he thought Americans produced newspapers and movies better than anything else, and he professed a fondness for Wild West stories.

Gen. Coxe Files For Congress Seat

Canton, Aug. 20.—"Gen." Jacob S. Coxe of Massillon, defeated in the primary race for nomination for the United States senate, took out a petition for representative to congress on the independent ticket.

Coxe will enter the lists against C. B. McClintock, Republican nominee and John McSweeney of Wooster, Democrat, who was unopposed for renomination. In his home county, Coxe trailed in the senatorial race last Tuesday, Coxe polled 3,274; Burton, 8,063 and Marshall 3,834.

Daily Fashion Hint

FASHIONS FOR THE YOUNG

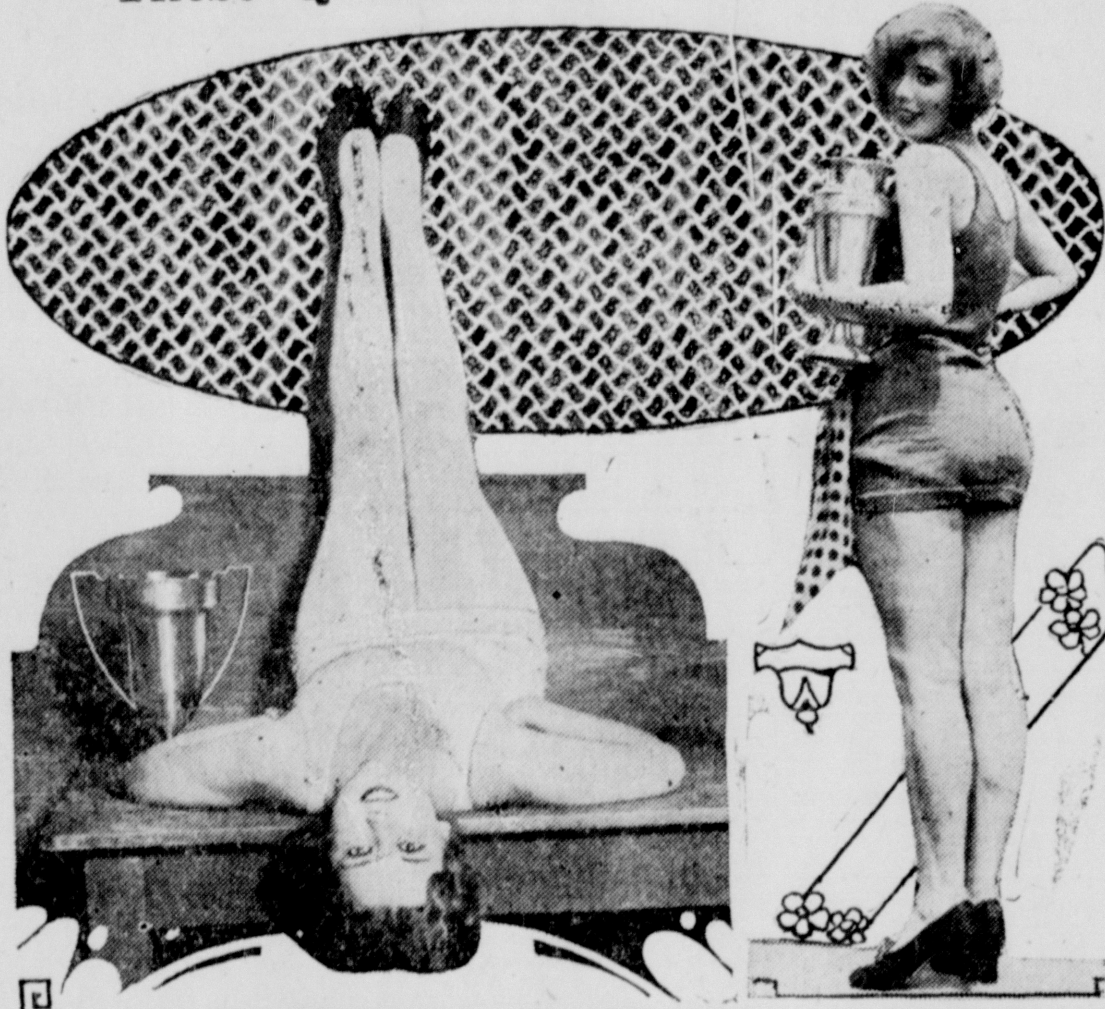

In the warm weather, active children must have plenty of changes. However, their little wash frocks are so easily and cheaply made that every mother can afford to keep her children looking fresh and dainty. The dress shown at the left will please the small girl by the "grown-up" air that is achieved by the pointed vestee and inserted box-pleats. For everyday wear this frock is pretty and practical made of printed gingham or chambray, but for more pretentious occasions it is delightful in linen or rayon.

The little boys' suit shown at the right consists of a full smock worn over straight short trousers. It can be made with long or short sleeves and is smart when smock and trousers are developed in contrasting shades of linen, chambray or gingham.

First Model: Pictorial Printed Pattern No. 4263. Sizes 4 to 12 years, 35 cents, including transfer.

Second Model: Pictorial Printed Pattern No. 3897. Sizes 1 to 3 years, 35 cents, including transfer.

78th Ohio State Fair Opens Next Monday; Sousa's Band Carded

Varied Program, Including Livestock Show,
Aircraft Exposition and Horse Races
Will Entertain Week of Aug. 27

The 78th Ohio State fair opens its gates to the public on Monday, Aug. 27.

Reviewing the elaborate preparation and arrangements for the 1928 fair, Charles V. Truax, director, declares that "the people of Ohio may expect the largest, most diversified exposition in the more than three-quarters of a century's existence of the Ohio State fair."

More successfully than ever before the fair will portray vividly and effectively the agricultural and industrial greatness of Ohio. Not only will the fair be, as always, a great institution of visual education and a clearing house of ideas, but it will also furnish a wealth of varied entertainment to its patrons.

Entries From 21 States

The liberal premiums and prizes offered, amounting to \$150,000, have attracted some of the finest livestock exhibits in the country. Entries from 21 states and Canada, much larger than those of last year, assure a \$2,000,000 livestock show, the outstanding feature of the fair.

Ohio uses the single judging system in awarding its premiums. The aircraft exposition, which proved very popular last year, will be repeated on even larger proportions. The first all-Ohio art show, in the Women's building, will display the canvases of Ohio artists, loaned to the fair by Cincinnati, Cleveland, Toledo, Dayton and Columbus galleries. Gallery tours will be conducted by Karl S. Bolander, director of the Columbus Gallery of Fine Arts. Incidentally, Nelson's Marionettes will perform four times daily in the Women's building.

Will Have Newspaper Exhibit. Another innovation this year is the all-Ohio newspaper exhibit. The educational exhibits of the various divisions of the state government are to be more extensive than those of former years.

Fair patrons are offered a program of recreation and special attractions never before excelled. The outstanding feature of the entertainment program will be the appearance of Sousa and his band. The famous "March King," now on his Golden Jubilee tour of the United States, will present nearly 100 bandmen and two soloists, a harpist and a soprano, in concert twice daily.

There will be a half dozen other bands. The 300 piece Boys' All-Ohio High School band, the American Legion band, the Dover Concert band, the Ninth Battalion band (colored) and the Lancaster Boys' Industrial school band. The public address system will make it possible for fair patrons to enjoy the band music in all parts of the fair grounds.

Big Purse For Races. For the first five afternoons of the fair, horse racing will be the principal attractions. Purses for the speed program total \$19,600, and special races bring this total up to \$24,000.

Auto races will be held on Saturday, and again on Monday, when a great Labor day celebration is to be held.

Each day a variety of other attractions will be under way. The old time fiddling and dancing contests, begun last year, are expected to bring out many contestants and interested spectators. This year there is also to be the harmonica contests, the prizes to the successful contestants being Hohner harmonicas. In the various calling contests, there will be hog calling, chicken

calling, cow calling, and even husband calling.

Night Horse Show Plans

Lovers of fine horses will find the Night Horse show more fascinating than ever, since entries make certain the largest and best Night Horse show in many years.

A variety of vaudeville attractions will appear in the Night Horse show intermissions, as well as at the special attractions before the grandstand in the afternoons.

The diversified entertainment program provided for state fair patrons by the management will be climaxed each evening by the elaborate spectacle, "A Night in Bagdad," with a cast of a thousand chorus members and principals. Ernie Young's musical revue will participate.

The finale of the spectacle will be marked by a display of fireworks.

5,000 EXPECTED TO ATTEND BIG SHRINE OUTING

Parade and Initiation At
Special Ceremonial At
Rock Springs

East Liverpool, Aug. 20.—A class of between 50 and 100 candidates will be initiated at the Shrine ceremonial, which will be held at Virginia Gardens, Rock Springs park, Chester, under the auspices of Al Koran temple, Cleveland, on Wednesday, Aug. 29. It will be the first time in history that the organization has initiated a class in another state.

Approximately 5,000 visitors are expected to attend. Members of Osiris temple, Wheeling, and Syria temple, Pittsburgh, will join Al Koran temple in the celebration. Frank Jones, imperial potentate, Houston, Texas, and his staff will be guests of honor.

Excursion trains will come from Cleveland, Wheeling and Pittsburgh.

Parade is Planned

Trains will arrive here between 10 and 11 o'clock. Lodge men from Al Koran temple will be served luncheon in the Masonic temple. Broadway, while members of Osiris and Syria temples will dine in the Masonic temple, First st., Chester.

The ceremonies will open with a parade at 1 o'clock. One thousand uniform marchers, the Canton Trum-Drums, a 50-piece trumpet and drum corps and three bands from the participating temples will take part in the parade. Hundreds of other lodge men wearing fezzes will march.

Following the parade the lodge men will board special-street cars to Rock Springs park where initiation will begin at 3 o'clock. Several truckloads of equipment from Cleveland will be brought here for the ceremonies.

Supper at Park

Supper will be served at the park following the initiation, marking the close of the program. The excursion trains will leave on the return trip between 8 and 9 o'clock.

Al Koran temple, sponsor of the

ceremonial, is headed by A. L. Feibach, Cleveland, potentate; Neville S. Harris, Cleveland, recorder, and George L. Williams, Cleveland, chief rabbi. William L. Smith, Jr., Chester pottery manufacturer, is potentate of Osiris temple. Potentate of Syria temple, Pittsburgh, his divan and patrol will also be here for the ceremonial.

Officers of the East Liverpool Shriner's club are in charge of arrangements. They are: President, John Golden; vice-president, J. L. Vodrey; secretary, George Taylor; treasurer, Joseph Blazer.

New adjustable front seats in all Buick closed models providing unrivalled comfort and driving ease for women and men alike

No more awkward driving positions! No more straining for pedals! No more need of cushions for feminine drivers! Buick has ended all that—ended it with a new comfort feature as unique and individual as the dash beauty of Buick's new Masterpiece Bodies by Fisher—a comfort feature obtainable only in the Silver Anniversary Buick!

The front seats of all Buick closed models are adjustable! A turn of the seat-regulator causes the entire seat to move forward or back at the will of the driver, thus assuring a natural, comfortable position for any man or woman who takes the wheel!

The new seat is easily adjustable even when fully occupied! A child can operate it! It is simple—positive in action—and together with

Buick's adjustable steering wheel provides, for the first time in motor car history, a made-to-measure driving position!

This same fine convenience—this same matchless comfort and luxury—are apparent in every phase of Buick design and operation—in the deep soft upholstery—in full width rear seats providing plenty of room for three adult passengers—in velvety clutch action—in finger-tip steering ease—and above all in the unrivalled smoothness with which the Silver Anniversary Buick rides even the roughest roads.

See this epic car! Drive it! Test the new and exclusive adjustable seat! Prove to yourself that here, indeed, is the finest motor car and the greatest value America has ever produced!
